

BEAUTIFULLY AUTHENTIC HIGH-PERFORMANCE ROOFING

# Brava Cedar Shake™

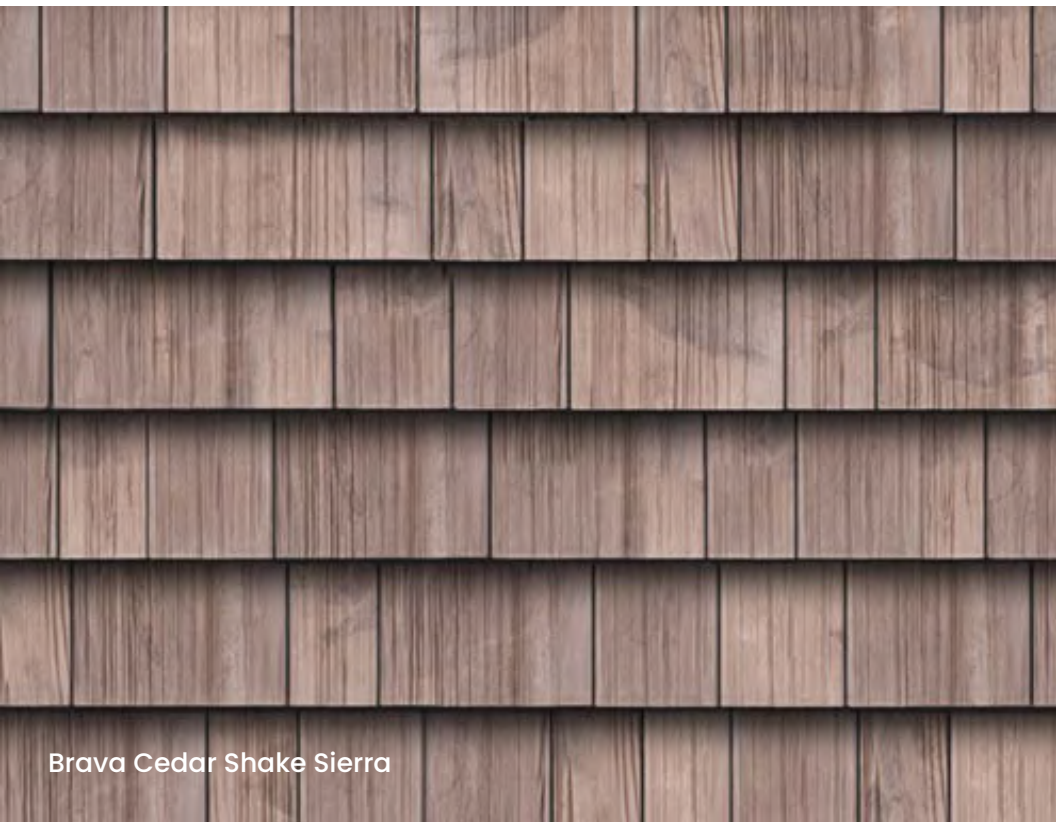

We were inspired by  
the timeless beauty of  
authentic cedar shake.

**The beauty of cedar shake:**  
**Not every shingle is alike.**

Natural Cedar Shake

Brava Cedar Shake Sierra

**The beauty of Brava:**  
**Not every synthetic**  
**shake is alike.**

Must be cleaned, repaired, and treated every 4-5 years.

Replacement required every 20 years.

Burns easily, increases insurance costs.

More susceptible to hail and storm damage.

Being blocked by more local building codes.

# Traditional Cedar Shake

## Truly Realistic

Brava visually matches natural cedar shake like no other engineered product. A hallmark of Mother Nature is that her colors are varied. The subtle difference between hues creates a depth and texture without pattern. Brava offers the only shake that provides truly variegated and multiton colors.

**Brava uses natural minerals for color and texture, with the most advanced UV stabilizing elements for superior color and strength.**

**Other  
Synthetic  
Brand**

Our core collection of nine Mother Nature-inspired hues.

LIGHT ARENDALE

SIERRA

LAKE FOREST

A close-up, low-angle shot of a cedar shake roof. The shakes are dark, weathered, and layered, creating a textured, organic appearance. The lighting is dramatic, with strong highlights and deep shadows, emphasizing the natural grain and imperfections of the wood.

## Uniquely Crafted

Every Brava Cedar Shake roof is made to order. Our molds are cast from hand-split Western Red Cedar shakes, giving them the most authentic feel. Forms are created naturally, look organic, and don't have repetitive patterns.

Brava uses state-of-the-art compression molding technology, making it the strongest shake available. It's this attention to detail that gives Brava its **stunning long-lasting appearance.**

Brava Cedar Shake Lake Forest

## High Performance

Brava Cedar Shake has a Class 4 impact rating and a Class A fire rating, meaning it stands up to even the fiercest hail storms and has the highest level of fire resistance.

Once you have it in  
your hand, you'll see  
for yourself. **There is  
no comparison.**

Brava Cedar Shake Aspen

## Fully Sustainable

We use recycled material in all our products, and we're very proud to share that Brava's Cedar Shake is fully recyclable. We are committed to a sustainable future and work hard every day to keep used building materials out of landfills.

Brava Shakes are  
made of a blend of  
**high-grade, high-  
spec pre-consumer  
recycled plastic, natural  
minerals, and binders.**

Brava Cedar Shake Arendale

*"We prefer to use Brava synthetic roofing because it offers the ultimate protection for our homeowners while giving them the traditional natural look they desire."*

**Lorena Vargas - Contractor**
